Commissioner for Patents

Sir:

I, David Blight, state and declare that:

1. I conceived the subject matter recited in Claims 1-24 currently pending in U.S. Patent Application No. 09/867,907 titled "Location Mapping and Determining Using Wireless Devices" (hereinafter referred to as "the '907 application").
2. I understand that in an Office Action dated May 27, 2004, Claims 1-5, 7-10, 12-16, and 18-24 were rejected as being unpatentable.
3. I understand that the rejection of Claims 1-5, 7-10, 12-16, and 18-24 was based in part on the use of U.S. Patent Application Publication No. 2002/0164997 to Parry, entitled "Method and System for Controlling Selective Wireless Communication Access" (hereinafter "Parry").
4. I understand based on the information provided on the front page of Parry that Parry has a filing date of May 7, 2001.

5. At least by January 30, 2001, I conceived in Santa Clara, CA the ideas set forth in Claims 1-24 of the '907 application. Such conception is evidenced by the following attached documents:
 - a) A copy of an electronic mail message dated February 22, 2001 from Senior Patent Attorney Henry Ohab of Palm, Inc. to Alistair Chan of Foley & Lardner LLP. The message had attached an Invention Disclosure Form and a document describing the subject matter of the '907 application.
 - b) A copy of the Invention Disclosure Form referred to in a), indicating a date of conception of January 30, 2001 on page 2, section 3.
 - c) A copy of the document referred to in a) describing the subject matter of the '907 application.
6. Based on the documents provided herewith and my best recollection, the conception of the ideas set forth in Claims 1-24 of the '907 application took place at least by January 30, 2001, which is before the May 7, 2001 filing date of Parry.
7. I hereby declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are true, and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the patent application or any patent issuing therefrom.
